IMM 200

Select Project Topic

What kind of website would you like to build? I would like to build an informational MLB website with stats, standings, injuries.

Who would your targeted audience be for the website? Fans of baseball

How have you created web sites in the past? Examples – IMM 120 projects, personal websites, websites for other people. Provide details on the topic, how many pages, what kind of navigation, if it was responsive… etc. I've made websites for DRP and IMM classes, nothing for other people yet.

What kind of mobile app would you like to build? It would be cool to make a mobile version of the MLB website as listed above.

Who would your targeted audience be for the mobile app? Fans of baseball

How have you created mobile applications in the past? eg – MIT App Inventor, native iOS app, native Android app, etc. Provide details on the topic, how many screens in the mobile app and their functions, what kind of navigation… etc. I've used MIT App Inventor in class before, that's about it.
